Hearth is a non-profit organization dedicated to the elimination of homelessness among the elderly. This mission is accomplished through a unique blend of prevention, placement, and housing programs all designed to help elders find and succeed in homes of their own. To this end, all housing operated by Hearth provides a creative array of supportive services that assist residents to age with dignity, regardless of their special medical, mental health, or social needs. Hearth believes these goals are best accomplished through respect for elders and staff, with the desire to see both achieve their highest degree of potential.
